**CAUTION:** This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am writing to express my concerns regarding the proposed water changes and the potential long-term impact on residents and infrastructure in our community. I respectfully ask that these concerns be fully considered before any approval is granted. As I know others are sending you our concerns, including the large hike in amounts to be billed. Many of our residents live on fixed incomes and this proposed change can negatively affect their ability to afford living here.
