DOCKET NO. 900644-TP

RULE TITLE:

RULE NO.:

Regulatory Assessment Fees;

25-4.0161

Telecommunications Companies

PURPOSE AND EFFECT: To generate revenue sufficient to pay the cost of regulating telecommunications companies, the Commission proposes to increase the regulatory assessment fee rate from .125 (1/8) percent to .15 percent of telecommunications companies gross operating revenues derived from intrastate business.

The proposed rule amendment also increases the minimum annual regulatory assessment fee to \$50 beginning in 1991, as required by section 364.336, Florida Statutes. The Commission also proposes to adopt a new regulatory assessment fee return form for each of the four types of telecommunications companies required to pay a regulatory assessment fee.

SUMMARY: The Commission proposes to amend Rule 25-4.0161, F.A.C., to increase the regulatory assessment fee rate that is paid by interexchange telecommunications companies, local exchange companies, pay telephone companies, and shared tenant service providers from .125 to .15 percent of their gross operating revenues derived from intrastate business. Interexchange companies and pay telephone companies would be allowed to deduct the amount they pay for use of the local network from their gross operating revenues before computing the regulatory assessment fee pursuant to s. 364.337(4), F.S., as amended by s. 34, Chapter 90-244, Laws of

Florida.

The proposed rule amendment also increases the minimum annual regulatory assessment fee to \$50 beginning in 1991, as required by section 364.336, Florida Statutes. The Commission also proposes to adopt a new regulatory assessment fee return form for each of the four types of telecommunications companies required to pay a regulatory assessment fee.

RULEMAKING AUTHORITY: 350.127(2)

LAW IMPLEMENTED: 350.113

SUMMARY OF THE ESTIMATE OF ECONOMIC IMPACT OF THESE RULES:

Telecommunications companies pay regulatory assessment fees as a percentage of their assessable gross operating revenues. The proposed rule amendment increases the percentage from .125 to .15 of one percent of gross revenues derived from intrastate business. By statute, each company must pay a minimum fee towards regulatory costs, however, even if profits are low or nonexistent. In 1989, 225 telecommunications companies paid the minimum fee. Approximately 825 companies owed the minimum fee but did not pay it.

Under the amended statute and proposed rule revision, small companies currently paying the minimum fee of \$25 based on assessable revenues of up to \$20,000 would pay a minimum fee of \$50. Beginning October 1, 1990, however, pay telephone companies, are statutorily authorized to deduct the access fees they pay to local exchange companies before computing their regulatory assessment fees, so many of these companies may pay lower fees than in the past.

ORDER NO. 23577
DOCKET NO. 900644-TP
PAGE 4

Based on the estimated level of telecommunications companies' assessable operating revenues for 1991 and 1992, the proposed increase in regulatory assessment fees will generate additional revenue of \$1,138,057 for 1991 and \$1,183,477 for 1992. The Commission will receive 92.7 percent of this amount, the state general revenue fund will receive 7 percent, and the remaining .3 percent will go to the Agency Budget Sunset Trust Fund. The actual projected cost to the companies will be less than these amounts because regulatory assessment fees are a tax deductible expense and payment of them reduces companies' taxable profits.

WRITTEN COMMENTS OR SUGGESTIONS ON THE PROPOSED RULE MAY BE SUBMITTED TO THE FPSC, DIVISION OF RECORDS AND REPORTING, WITHIN 21 DAYS OF THE DATE OF THIS NOTICE FOR INCLUSION IN THE RECORD OF THE PROCEEDING. IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE HELD AT THE DATE AND PLACE SHOWN BELOW:
