NOTICE OF PROPOSED AGENCY ACTION  
ORDER GRANTING CERTIFICATE TO PROVIDE  
ALTERNATIVE LOCAL EXCHANGE TELECOMMUNICATIONS SERVICES

BY THE COMMISSION:

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that the action discussed in this Order is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

U.S. One Communications Services Corp. has applied for a certificate to provide alternative local exchange telecommunications service, pursuant to Section 364.337, Florida Statutes. Upon review of its application, it appears that U.S. One Communications Services Corp. has sufficient technical, financial, and managerial capability to provide such service. Accordingly, we hereby grant to U.S. One Communications Services Corp. Certificate No. 4770 which shall authorize it to provide alternative local exchange telecommunications services throughout the State of Florida, except for the territories of earnings-regulated small local exchange companies, as set forth in Section 364.337(1), Florida Statutes.

FPSC-RECORDS/REPORTING

If this Order becomes final and effective, it shall serve as U.S. One Communications Services Corp.'s certificate. It should, therefore, be retained by U.S. One Communications Services Corp. as proof of its certification.

Alternative local exchange telecommunications providers (ALECs) are subject to Chapter 25-24, Florida Administrative Code, Part XV, Rules Governing Telecommunications Service Provided by Alternative Local Exchange Companies. ALECs are also required to comply with all applicable provisions of Chapter 364, Florida Statutes, and Chapters 25-4, Florida Administrative Code.

In addition, Section 364.337(2), Florida Statutes, requires ALECs which provide basic local telecommunications service to provide access to 911 services. This Commission has no rules specifying the 911 services that either an incumbent local exchange company (ILEC) or an ALEC must provide; however, 911 service that is inferior to that provided by the ILEC would clearly not be in the public interest. Accordingly, we find that Section 364.337(2), Florida Statutes, requires ALECs which provide basic local telecommunications services to provide at least the same level of 911 services as that provided by the ILEC serving the same area.

It is, therefore,

ORDERED by the Florida Public Service Commission that we hereby grant to U.S. One Communications Services Corp. alternative local exchange telecommunications service Certificate No. 4770 subject to the terms and conditions set forth in the body of this Order. It is further

ORDERED that this Order shall serve as U.S. One Communications Services Corp.'s certificate and should be retained by U.S. One Communications Services Corp. as proof of its certification. It is further

ORDERED that each alternative local exchange company which provides basic local telecommunications services shall provide at least the same level of 911 services as that provided by the incumbent local exchange company serving the same area. It is further

ORDERED that, unless a person whose substantial interests are affected by the action proposed herein files a petition in the form and by the date specified in the Notice of Further Proceedings or Judicial Review, this Order shall become final and effective and this docket shall be closed.
