In re: Petition on behalf of Citizens of the State  
of Florida to require Progress Energy Florida,  
Inc. to refund customers \$143 million.

DOCKET NO. 060658-EI  
ORDER NO. PSC-07-0872-CFO-EI  
ISSUED: October 31, 2007

ORDER GRANTING PROGRESS ENERGY FLORIDA, INC.'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 11285-06)

On August 22, 2006, in Docket No. 060001-EI, Progress Energy Florida, Inc. ("PEF") filed a request for confidential classification of portions of its response to the Office of Public Counsel's ("OPC") Eighth Request for Production of Documents (Nos. 41-45) (Document No. 07606-06). This request was granted.<sup>1</sup> Subsequent to the issuance of Order No. PSC-06-0829-CFO-EI, the Commission opened Docket No. 060658-EI. In this docket, PEF supplemented its responses to OPC's Eighth Request for Production of Documents, and on December 11, 2006, pursuant to Section 366.093, Florida Statutes ("F.S."), and Rule 25-22.006, Florida Administrative Code ("F.A.C."), PEF filed its request for confidential classification of portions of its supplemental response (No. 42) to OPC's Eighth Request for Production of Documents (Document No. 11285-06).

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that portions of its supplemental response (No. 42) to OPC's Eighth Request for Production of Documents falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed. PEF's specific justification and rationale is set forth in Attachment A.

<sup>1</sup> Order No. PSC-06-0829-CFO-EI, issued October 6, 2006, in Docket No. 060001-EI, In re: Fuel and purchased power cost recovery clause with generating performance incentive factor.

FPSC-COMMISSION CLERK

PEF contends that the information subject to this request contains confidential business information regarding competitively negotiated contractual data, such as pricing and quantities of coal, and other contractual terms, the disclosure of which would impair the efforts of PEF or its affiliates to negotiate coal supply contracts on favorable terms. PEF states that it negotiates with potential coal suppliers and transportation companies to obtain competitive contracts for coal options that provide economic value to PEF and its ratepayers. Additionally, PEF asserts that this information relates to the competitive interests of PEF and its coal suppliers and that its disclosure would impair their competitive businesses.

Upon review, the above-referenced information contained in portions of PEF's supplemental response (No. 42) to OPC's Eighth Request for Production of Documents satisfies the criteria set forth in Section 366.093(3), F.S. for classification as proprietary confidential business information and shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," or "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Katrina J. McMurrian, as Prehearing Officer, that Progress Energy Florida, Inc.'s Request for Confidential Classification of Document No. 11285-06 is granted. It is further

ORDERED that the information in Document No. 11285-06 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.
