In re: Petition for issuance of a storm recovery | DOCKET NO. 060038-EI financing order, by Florida Power & Light Company.

ORDER NO. PSC-07-1006-CFO-EI ISSUED: December 18, 2007

ORDER GRANTING FLORIDA POWER & LIGHT'S REQUEST FOR CONFIDENTIAL CLASSIFICATION OF PORTIONS OF AUDIT CONTROL NO. 05-292-4-1 (DOCUMENT NOS. 02260-06, 02261-06, 02262-06, 02989-06, AND 05131-06)

On April 3, 2006, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") filed a request for confidential classification of portions of staff's audit report and working papers obtained or prepared during the Florida Power & Light Supplemental Review of 2004/2005 Storm Damage Cost Recovery for the Year Ended December 31, 2005, Audit No. 05-292-4-1 (Document Nos. 02260-06, 02261-06, 02262-06, and 02989-06). On June 13, 2006, FPL revised its filing to include an additional work paper (Document No. 05131-06). In its filing, FPL had included social security number information which was returned to the utility in May and June of 2006.

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3)(b),(d),(e), and (f), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nternal auditing controls and reports of internal auditors;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information;" and [e]mployee personnel information unrelated to compensation, duties, qualifications, or responsibilities."

FPL's Request

FPL contends that the highlighted information contained in portions of staff's audit report and work papers prepared in connection with the Storm Damage Cost Recovery Audit falls within one or more of these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

Internal Audit Reports

FPL contends that portions of the audit contain sensitive information concerning internal auditing controls or reports of internal auditors. FPL witness Robert Osgood, by affidavit, affirms that the information includes auditing controls and reports of internal auditors which are kept confidential by FPL.

Sensitive Contractual and Competitive Business Information

By affidavit, FPL witness Robert H. Adams, Jr. testifies that staff working papers "IA ADJ (Internal Audit Adjustments) for One Contractor," "Wilma EAC 662," "Detail for Power Supply Katrina," "Katrina Estimates," "Katrina EAC 660 and 662," "Request 7-2 Response," "BID," "Cost Estimate," "2005 Storm Costs," "Invoice," and "Rita Invoice" contain information concerning contractual vendor data, such as pricing and other terms, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms in the future to the detriment of both FPL and its customers. Witness Adams also alleges that the information would impair the competitive business of the provider of the information.

FPL Witness D. K. White affirms by affidavit that staff's working papers "Reserve Labor," "Cash Voucher," and "Invoice" contain sensitive contractual and competitive business information. According to witness White, the information contains or constitutes vendor contractual data, such as pricing and other terms. Witness White also states the disclosure of this information would impair the efforts of FPL to contract for goods or services on favorable terms in the future to the detriment of FPL and its customers.

According to the affidavits of Edward S. Bowman, W.E. Gwinn and Pamela L. Sonnelitter, staff's work papers entitled "2005 Storm Costs" contain or constitute contractual vendor data. They argue that the disclosure of items such as pricing and other terms from the vendor contracts would impair the future efforts of FPL to contract for goods or services on favorable terms, which would work to the detriment of FPL and its customers. They also state that portions of the information contain or constitute competitively sensitive data, the disclosure of which could impair the competitive business of the provider of the information. Ms. Sonnelitter also affirms that staff's audit work papers titled "Insulation," "Cost Tracking," "Bid," "Purchase Order," and "Job Planning" contain sensitive contractual information or vendor data, such as pricing and other terms. Disclosure of this information, according to Ms. Sonnelitter, would be detrimental to FPL and its customers in obtaining future services on favorable terms.
