

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Environmental cost recovery clause.

DOCKET NO. 070007-EI
ORDER NO. PSC-07-0922A-FOF-EI
ISSUED: December 21, 2007

AMENDATORY ORDER

BY THE COMMISSION:

At the November 6, 2007, hearing in this docket, Florida Power & Light Company (FPL) made oral modifications to FPL's position in three of the issues in the case, Issue 3, Issue 4 and Issue 7, which the Commission approved in a bench decision at the conclusion of the hearing. The modifications were necessary because FPL had discovered that it had overstated its cost projection for January of 2008 for its St. Lucie Cooling Water Project. Issues 3, 4 and 7 became Sections C, D and G of Final Order No. PSC-07-0922-FOF-EI, but they did not reflect the modifications made to FPL's positions at the hearing.

The position for FPL in Section C should have reflected the projected environmental cost recovery amount for the period January 2008 through December 2008 as \$44,571,921. The position for FPL in Section D should have reflected the environmental cost recovery amount, including true-up amounts for the period January 2008 through December 2008 as \$43,571,921. The position for FPL in Section G should have reflected its environmental cost recovery factors for the period January 2008 to December 2008 as \$0.00035/kWh for the ISST1D rate class, and \$0.00035/kWh for the SST1D1/SST1D2/SST1D3 rate class. This Amendatory Order corrects Sections C, D and G of Order No. PSC-07-0922-FOF-EI accordingly.

It is therefore,

ORDERED by the Florida Public Service Commission that Sections C, D and G of Order No. PSC-07-0922-FOF-EI shall be amended as identified in the body of this Order. It is further

ORDERED that Order No. PSC-07-0922-FOF-EI is reaffirmed in all respects.
