DOCKET NO. 100001-EI  
ORDER NO. PSC-10-0188-CFO-EI  
ISSUED: March 29, 2010

ORDER GRANTING GULF POWER COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 06645-08)

On July 29, 2008, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006(3), Florida Administrative Code (F.A.C.), Gulf Power Company (Gulf) filed a request for confidential classification of certain information submitted in response to Staff's Mid-Course Correction Data Request No. 13 (Document No. 06645-08). This request was filed in Docket No. 080001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (d) and (e) of Section 366.093(3), F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Gulf contends that certain information submitted in response to Staff's Mid-Course Correction Data Request No. 13, specifically Page 1, Line 1, Columns A-B, falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Gulf states that this information is intended to be and is treated by Gulf as private and has not been publicly disclosed.

Gulf specifically contends that the information in question consists of pricing data from a fuel procurement contract, the public disclosure of which would negatively impact Gulf's ability to negotiate pricing favorable to its customers in the future. Additionally, Gulf submits that potential counterparties may refuse to enter into contracts with Gulf or charge higher prices if the contract terms were made public.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The

information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information contained in Document No. 06645-08, specifically Page 1, Line 1, Columns A-B, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that Gulf Power Company’s Request for Confidential Classification of information contained within Document No. 06645-08, specifically Page 1, Line 1, Columns A-B, is granted. It is further

ORDERED that the information in Document No. 06645-08 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 29th day of March, 2010.
