

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of demand-side  
management plan of Tampa Electric Company.

DOCKET NO. 100159-EG  
ORDER NO. PSC-10-0607A-PAA-EG  
ISSUED: November 3, 2010

AMENDATORY ORDER

BY THE COMMISSION:

On October 4, 2010, the Commission issued Order No. PSC-10-0607-PAA-EG, denying Tampa Electric Company's (TECO's) demand-side management plan and approving solar pilot programs. On page 5 of the order, first paragraph, it inadvertently and incorrectly describes TECO's pilot program for solar photovoltaic systems as providing up to a \$10,000 rebate for residential customers and a \$20,000 incentive for commercial. The order should be amended to reflect that TECO's pilot program for solar photovoltaic systems contains a \$20,000 incentive cap for both residential and commercial.

Similarly, Attachment A, on page 9, under the section "Residential and Commercial PV," incorrectly states:

Residential & Commercial PV Systems are fixed at \$2/Watt incentive, with a maximum incentive of \$10,000 for Residential Systems and \$20,000 for Commercial Systems.

Attachment A should be amended to reflect the following:

Residential & Commercial PV Systems are fixed at \$2/Watt incentive, with a maximum incentive of \$20,000.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Order No. PSC-10-0607-PAA-EG is hereby amended as set forth in the body of this Order. It is further

ORDERED that Order No. PSC-10-0607-PAA-EG is affirmed in all other respects.
