In re: Progress Energy Florida, Inc.'s request for confidential classification of document request responses and portions of audit staff's draft report entitled Coal Combustion Residual Storage and Disposal Processes of the Florida Electric Industry.

DOCKET NO. 110323-EI
ORDER NO. PSC-12-0036-CFO-EI
ISSUED: January 24, 2012

ORDER GRANTING PROGRESS ENERGY FLORIDA, INC.'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION OF
DOCUMENT NO. 08613-11 (CROSS REF. 00052-12)

On November 23, 2011, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Progress Energy Florida Inc. (PEF or company) filed a request for confidential classification of information contained in the December 2011 Review of Coal Combustion Residual Storage and Disposal Processes of the Florida Electric Industry (Report) prepared by the Commission's Office of Auditing and Performance Analysis, and for portions of PEF's Responses to Data Request 2. The materials that are subject to the request are contained in Document No. 08613-11 (cross ref. 00052-12).

In support of its request, PEF states that in the Report and in its Responses to Data Request 2, there is sensitive company information that is "proprietary business information" under Section 366.093(3), F.S. Along with its request, PEF separately submitted a sealed Composite Exhibit A, containing an unredacted copy of all the pages of the Report and portions of PEF's responses to Data Request 2 for which the company seeks confidential treatment. In Composite Exhibit A, the information asserted to be confidential is highlighted by yellow marker. PEF also submitted a Composite Exhibit B, containing two copies of redacted versions of the documents for which the company requests confidential classification. In Composite Exhibit B, the specific information for which PEF requests confidential treatment has been blocked out by opaque marker or other means.

PEF's justifications for the confidential treatment of the above-described requested information is contained on Attachment A to this Order, which is incorporated herein by reference. PEF requests that these materials be treated as confidential for a period of at least 18 months as provided in section 366.093(4), F.S., and that the information be returned as soon as it is no longer necessary for the Commission to conduct its business.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the

public. Section 366.093(3)(c) and (e), F.S., provides that proprietary confidential business information includes, but is not limited to “[s]ecurity measures, systems, or procedures,” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.”

PEF contends that the information falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. PEF states and affirms by affidavit that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

Upon review, it appears that the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information and shall be treated as confidential. The information constitutes “[s]ecurity measures, systems, or procedures,” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Lisa Polak Edgar, as Prehearing Officer, that Progress Energy Florida, Inc.’s Request for Confidential Classification of Document No. 08613-11 (cross ref. 00052-12) is granted. It is further

ORDERED that Attachment A to this Order is incorporated herein by reference. It is further

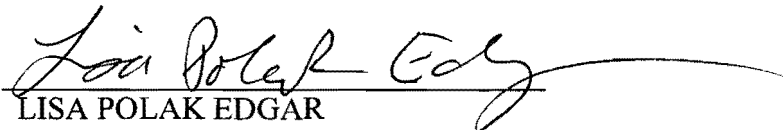

ORDERED that the information in Document No. 08613-11 (cross ref. 00052-12) for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein. It is further

ORDERED that this docket shall be closed.
