DOCKET NO. 120001-EI
ORDER NO. PSC-12-0112-CFO-EI
ISSUED: March 13, 2012

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION OF MATERIALS PROVIDED PURSUANT TO AUDIT
NO. 11-006-4-1 (DOCUMENT NO. 04780-11 X-REF. DOCUMENT NOS. 04369-11, 04370-
11)

On July 12, 2011, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification (Request) of certain information submitted by FPL pursuant to Audit Control No. 11-006-4-1 (the Audit). (Document No. 04780-11; x-ref Document Nos. 04369-11 and 04370-11). This Request was filed in Docket No. 110001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(c),(d), and (e) of Section 366.093 F.S., provide that proprietary confidential business information includes, but is not limited to "[s]ecurity measures, systems, or procedures;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that the designated portions of the information contained in its responses to the Audit, as more specifically described in the line-by-line/field-by-field justification attached as Exhibit C to the Request, fall within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL asserts that certain information provided contains FPL's security measures. FPL states that this information is protected from disclosure by Section 366.093(3)(c), F.S.

FPL states that some of the documents contain or constitute bids or other contractual data, the disclosure of which would impair FPL's efforts to contract for goods or services on favorable terms in the future. FPL specifically points to the information related to services provided for compliance with the North American Electric Reliability Corporation Critical

Infrastructure Protection requirements and amounts paid to vendors for those services as falling within the protection of Section 366.093(3)(d), F.S.

FPL also asserts that certain documents contain contractual data information such as pricing and other terms, payment records, and vendor and supplier rates. FPL asserts that the disclosure of this information would impair the efforts of FPL to contract for capacity and energy on favorable terms for the benefit of its customers. FPL also argues it would impair the competitive interest of FPL and its vendors to publicly disclose this information. FPL concludes that this information is protected by Sections 366.093(d) and (e), F.S.

Time Period For Confidential Classification

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.” FPL has not requested a period longer than the 18 months.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[s]ecurity measures, systems, or procedures;” “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 04780-11; x-ref Document Nos. 04369-11 and 04370-11 shall be granted confidential classification..

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Florida Power & Light Company’s Request for Confidential Classification of Document No. 04780-11; x-ref Document Nos. 04369-11 and 04370-11 is granted. It is further

ORDERED that the information in Document No. 04780-11; x-ref Document Nos. 04369-11 and 04370-11 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 13th day of March, 2012.
