In re: Petition for expedited review of NXX-X code denial by Number Pooling Administrator for the Tampa Central rate center, by Teleport Communications America, LLC - FL.

DOCKET NO. 20190033-TA  
ORDER NO. PSC-2019-0061-PAA-TA  
ISSUED: February 18, 2019

NOTICE OF PROPOSED AGENCY ACTION  
ORDER DIRECTING SOMOS, INC. TO PROVIDE  
TELEPORT COMMUNICATIONS AMERICA LLC-FL  
WITH ADDITIONAL NUMBERING RESOURCES

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

BACKGROUND

On January 23, 2019, Teleport Communications America, LLC - FL (TCAL or Company) filed a request for additional numbering resources from the Number Pooling Administrator, Somos Inc. (Somos) for the Tampa Central rate center (TAMPFLXAXJZ) switch. TCAL requested one block to meet the request of a specific customer for 1,000 consecutive numbers in the format of NPA-NXX. On January 23, 2019, Somos denied TCAL's request for additional numbering resources because Somos determined that TCAL did not meet the utilization criteria.

On January 29, 2019, pursuant to 47 C.F.R.52(g)(4)(iv), Order FCC 00-104, Order No. PSC 2001-1973-PCO-TL, and Industry Numbering Committees Numbering Pooling Guidelines Sections 3.7 and 12(c), TCAL filed a petition asking that this Commission reverse Somos' decision. In its petition, TCAL asserts that at the time of the code request, the Tampa Central exchange had a months-to-exhaust (MTE) of 38.7 and a utilization of ~85.6%. TCAL requests that we reverse Somos' decision because Somos' denial interferes with TCAL's ability to serve its customers in Florida.

We are vested with jurisdiction pursuant to Sections 364.16(7), F.S., and 47 C.F.R. §52.15.

ANALYSIS

Somos has denied TCAL additional numbering resources because the Company has not met the applicable utilization or MTE criteria.

However, denial of additional numbering resources poses a possible barrier to competition. In this instance, a customer desiring service from TCAL might have to obtain services from another carrier simply because TCAL cannot meet the utilization or MTE rate center requirement. By Order No. DA 01-386<sup>1</sup>, the FCC stated:

Under no circumstances should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources.

A procedure is available to carriers who are denied additional numbering resources to challenge that decision. Addressing additional numbering resources denials, 47 C.F.R. § 52.15(g)(4)(iv), states, in part:

The carrier may challenge Somos' decision to the appropriate state regulatory commission. The state regulatory commission may affirm or overturn the Somos decision to withhold numbering resources from the carrier based on its determination of compliance with the reporting and numbering resource application requirements herein.

In reviewing the Company's petition as contemplated by 47 C.F.R. § 52.15(g)(4)(iv), we have considered the information provided by TCAL and, in accordance with Order No. PSC-2001-1973-PCO-TL,<sup>2</sup> find that the Company has met the following criteria:

The Company has demonstrated that it has a customer in need of immediate numbering resources.

The Company has shown that it is unable to provide services to a potential customer because of Somos' denial of the numbering resources.

A potential customer cannot obtain service from the provider of its choice because the Company does not have the numbers available.

<sup>1</sup> DA 01-386, CC Docket No. 99-200, CC Docket No. 96-98, In the Matter of Numbering Resource Optimization, Implementation of the Local Competition Provisions of the Telecommunications Act of 1996 (February 14, 2001), at Paragraph 11.

CONCLUSION

Based on the foregoing, we find it appropriate to reverse Somos' decision to deny additional numbering resources and direct Somos to provide TCAL with additional numbering resources for the Tampa Central exchange switch as soon as possible to meet its customer's needs.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the Number Pooling Administrator (Somos, Inc.) shall provide Teleport Communications America, LLC - FL with additional numbering resources for the Tampa Central switch (TAMPFLXAXJZ) as soon as possible, as reflected in the body of this Order. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto.
