

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of transportation
service agreement with Florida Public Utilities
Company by Peninsula Pipeline Company, Inc.

DOCKET NO. 20190127-GU
ORDER NO. PSC-2019-0280-CFO-GU
ISSUED: July 16, 2019

ORDER GRANTING FLORIDA PUBLIC UTILITIES COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 04813-2019)

On June 10, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Public Utilities Company (FPUC) filed a Request for Confidential Classification (Request) for information contained in Exhibit A to Peninsula Pipeline Company, Inc.'s Petition for Approval of a Firm Transportation Service Agreement with FPUC (Document No. 04813-2019).

Request for Confidential Classification

FPUC contends that the information contained in Exhibit A of its Firm Transportation Service Agreement constitutes proprietary business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPUC asserts that this information is intended to be and is treated as private and has not been publicly disclosed.

FPUC asserts that the rates and terms in the Firm Transportation Service Agreement relate to contractual data that both parties treat as proprietary confidential business information. In addition, the information contains cost and pricing information that FPUC also considers proprietary confidential business information. Therefore, FPUC argues that such information is entitled to confidential classification pursuant to Section 366.093(3), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 04813-2019 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPUC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Florida Public Utilities Company's Request for Confidential Classification of Document No. 04813-2019 is granted. It is further

ORDERED that the information in Document No. 04813-2019, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Public Utilities Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 16th day of July, 2019.
