DOCKET NO. 20190002-EG
ORDER NO. PSC-2019-0449-CFO-EG
ISSUED: October 23, 2019

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
FIRST REQUEST FOR CONFIDENTIAL CLASSIFICATION OF
DOCUMENT NO. 05560-2017; X-REF 05189-2017

On April 2, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its First Request for Extension of Confidential Classification (request) of certain materials provided pursuant to Audit No. 2017-024-4-1 (audit workpapers) (Document No. 05560-2017; x-ref 05189-2017). This request was filed in Docket No. 20190002-EG.

Request for Confidential Classification

FPL's original request for confidential treatment of information provided pursuant to Audit No. 2017-024-4-1 was granted by Order No. PSC-2017-0380-CFO-EG, issued October 3, 2017. FPL contends that the designated portions of the audit workpapers constitute proprietary confidential business information entitled to continued protection under Section 366.093(3), F.S., and Rule 25-22.006, F.A.C. FPL avows that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL asserts that the information that was the subject of Order No. PSC-2017-0380-CFO-EG warrants continued treatment as proprietary and confidential business information. FPL's request incorporates by reference and adopts the arguments propounded in its original request and granted in Order No. PSC-2017-0380-CFO-EG. Also included within FPL's request is its First Revised Exhibit D. First Revised Exhibit D contains the affidavit of Anita Sharma in support of FPL's request.

FPL contends that the audit workpapers contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. FPL argues that this information should be protected under Section 366.093(3)(d), F.S. FPL further contends that the audit workpapers also contain information related to competitive interests, the disclosure of which would impair the competitive business of FPL or its vendors. FPL argues that this information should be protected under Section 366.093(3)(e), F.S.

FPL contends that nothing has changed since the filing of the original request to render the information stale or public, such that continued confidential treatment would be appropriate.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by FPL as private, in that disclosure of the information would cause harm to FPL's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for continued classification as proprietary confidential business information. The information described above appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of FPL or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 05560-2017; x-ref 05189-2017 shall be granted a continuation of confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order unless good cause is shown to grant protection from disclosure for a longer period. Currently, the Commission retains audit reports for a period of seven years, at which time the audit materials are returned to FPL unless Commission staff or another affected person requests that these audit materials continue to be retained. The nature of these materials will not change in the next three years. Therefore, it is administratively efficient at this time to grant confidentiality classification for a period of 36 months. At the conclusion of this 36-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 05560-2017; x-ref 05189-2017 is granted. It is further

ORDERED that the information in Document No. 05560-2017; x-ref 05189-2017, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 36 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 23rd day of October, 2019.
