ORDER SUSPENDING TARIFF

BY THE COMMISSION:

On April 29, 1991, AT&T Communications of the Southern States, Inc. (ATT-C or the Company) filed a tariff proposing to offer its customers who use the new AT&T CIID/891 Calling Card (the Card) a one-year promotional offering. The Company will offer customer discounts on Message Toll Service (MTS) usage rates charged to the Card in the form of a rebate or credit awarded one year after the month the customer receives the new calling card. Customers who attain total charges of \$30 or more for three consecutive months in combined intrastate and interstate MTS billed to the Card will receive a 15% credit for that period. This offer is good for a period of one year, or four three-month periods, following receipt of the Card. At the end of the year, the rebate certificate is given to the customer. Thus, approval of this tariff filing would require waiving Rule 25-24.485(1)(i), Florida Administrative Code, which restricts promotional offerings to one three month period.

At the May 21, 1991 Agenda Conference, ATT-C requested that the filing be suspended at the present time. The Company is waiting for approval from the FCC on the interstate portion of the tariff. ATT-C intends to bring this tariff before the Commission once the Company's interstate tariff is approved. Accordingly, we suspend this tariff at this time. We shall consider the proposal in its entirety when ATT-C brings it back before us.

Based on the foregoing, it is
