ORDER GRANTING AUTHORITY TO PEOPLES
 GAS SYSTEM, INC. TO ISSUE DEBT IN 1992

BY THE COMMISSION:

Pursuant to Section 366.04, Florida Statutes, an application was filed on October 18, 1991, by Peoples Gas System, Inc. (Peoples) seeking authority to issue and sell up to \$40 million in long-term debt and equity securities and have outstanding a maximum of \$40 million in short-term unsecured promissory notes during calendar year 1992.

According to Peoples, the long-term debt securities will be in the form of first mortgage bonds, debentures, convertible debentures, notes, installment contracts, and/or obligations underlying industrial development revenue bonds. The maturities of these debt securities would be up to thirty years. The sale of the long-term debt securities would be through private or public offerings. Actual interest rates will be determined by market conditions at the time of the sale. Also, Peoples indicates the equity securities may take the form of preferred stock, or common stock, or options or rights with respect to the foregoing.

The application indicates that short-term securities may be sold to commercial banks and/or through the commercial paper market at cost rates consistent with comparable interest rates at the time of sale. The proceeds will be used for working capital requirements, funding of Peoples' construction program, repayment of short-term obligations, and the potential refund of long-term obligations if economically feasible. Expenditures for Peoples'

ORDERED by the Florida Public Service Commission that the application of Peoples Gas System, Inc. for authority to issue and sell securities as described herein is granted. It is further

ORDERED that Peoples Gas System, Inc. shall file a consummation report compliance with Rule 25-8.009, Florida Administrative Code, within ninety (90) days after issuance of the securities authorized by this Order. It is further
