FPSC-RECORDS/REPORTING

- c) McCaw's and FMCA's proposal that a portion be used, if necessary, to implement the decision rendered in DN 940235-TL.
- d) Any other plan deemed appropriate by the Commission.

ISSUE 1(a): The Commission should reject Southern Bell's proposal. The proposal represents an attempt by Southern Bell to "remonopolize" a market that this Commission has previously deemed to be competitive.

ISSUE 1(b): The Commission should reject CWA's proposal since it lowers rates which are already close to or below costs and apply only to limited classes of customers.

ISSUE 1(c): The Commission should reject McCaw's proposal as being speculative and properly resolved in another docket.

ISSUE 1(d): The Commission should adopt the alternative recommended in the Basic Position of the DOD/FEA, applying the \$25 million to reprice PBX trunks and DID services toward costs.

ISSUE 2: If the Southern Bell proposal is approved, should the Commission allow competition on the Extended Service Calling routes? If so, what additional actions, if any, should the Commission take?

If Southern Bell's proposal is approved, the Commission should allow and encourage full and open competition on all toll routes within Florida.

ISSUE 3: When should tariffs be filed and what should be the effective date?

The Tariffs should be filed as soon as possible after the Commission's decision and should be effective October 1, 1995.

ISSUE 4: Should this docket be closed?

No, this docket should remain open until the settlement agreement has been fully satisfied.

Respectfully Submitted,

Peter Q. Nyce, Jr.
General Attorney
