Re: Notice of Application For Extension of Service Area
Spruce Creek South Utilities, Inc.
17585 SE 102nd Avenue
Summerfield, FL 34491

Subject: Written Objection to Application February 14, 1996

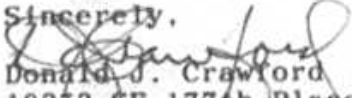

Dear Sir:

I presently own land located within SECTION 35, TOWNSHIP 17, SOUTH RANGE 23 EAST, MARION COUNTY, FLORIDA. This land is included in the reference above. Upon contacting the Spruce Creek South Utilities representative, I was advised that the reference is only for the purpose of identifying the boundaries of the Spruce Creek South Utilities, Inc. If this is true and no other reasons for this Notice are intended, then; I have no objections to offer at this time.

On the other hand, if this Notice is for any other purposes (such as altering my present sewage system in anyway) then I strongly object.

Some of my reasons for objecting are:

- o The present sewage plant at Spruce Creek South (SCS) can hardly support its present workload. Plus Environmental Hazards (Air Pollution/Fowl Smell) is already prevalent. Proper deodorizers have been promised by Spruce Creek South for a long time but they have never materialized.
- o Here at SCS we are already being plagued with very low water pressure frequently. The problems have been blamed on pump failures and other less plausible reasons. Adding sewage would be catastrophic.
- o I bought my home with the understanding that it would be furnished with a septic system, which is doing just fine, and I do not desire to be connected to any other hit or miss sewage system at any cost to me.

Sincerely,

Donald J. Crawford
