(Cont'd)

CSI handles complaints regarding transmission or network problems immediately via "trouble tickets" issued on line to Frontier Communications. CSI follows up with customers to insure the problems have been corrected. Problems stemming from charges or credits owed are also handled immediately via 24 hour customer service. All customers may reach CSI through our toll free line 1-800-864-4306. Should customers feel they have been overcharged or misrepresented and have documented proof of rates offered, CSI will immediately credit all overcharges. CSI will make reasonable efforts to honor all rates. If it is determined the rates offered are unreasonable and/or unprofitable, CSI will pay the charges to convert the customer to their previous carrier.

CSI practices "standard" rate programs for all customers. In the event CSI was to provide a "non-standard" rate program, CSI would file an additional tariff in the appropriate state of which the customer does business and any state affected due to remote offices.
