FPSC-RECORDS/REPORTING

**Issue 2:** Recommendation that the Commission propose the amendments to Rule 25-6.052 - Test Procedures and Accuracies of Consumption Metering Devices. Amended Rule 25-6.052 combines three of the present rules, updates parts of the present rules, and provides a means for replacing parts of the present rules which are no longer covered in the ANSI Standard.

**APPROVED**

**Issue 3:** Recommendation that the Commission propose the repeal of Rule 25-6.053 - Requirements As to Use of Instrument Transformers. The substance of existing Rule 25-6.053 has been moved into amended Rule 25-6.052.

**APPROVED**

**Issue 4:** Recommendation that the Commission propose the amendments to Rule 25-6.054 - Laboratory Standards. Rule 25-6.054 is amended to reflect the contents of the new ANSI Standard.

**APPROVED**

**Issue 5:** Recommendation that the Commission propose the amendments to Rule 25-6.055 - Portable Standards. This rule is amended to reflect the contents of the new ANSI Standard as applied to the field testing of customers' meters.

**APPROVED**

Issue 6: Recommendation that the Commission propose the amendments to Rule 25-6.056 - Metering Device Test Plans. Rule 25-6.056 is amended extensively, but should provide the Commission and the utilities with a workable way to test metering devices more economically.

**APPROVED**

Issue 7: Recommendation that the Commission propose the repeal of Rule 25-6.057 - Methods of Meter Test. The substance of the current Rule 25-6.057 has been moved into amended Rule 25-6.052.

**APPROVED**

Issue 8: Recommendation that the Commission propose the amendments to Rule 25-6.058 - Determination of Average Meter Error. The amendments to Rule 25-6.058 reflect changes in the ANSI Standard and provide for the calculation of meter error for solid-state meters.

**APPROVED**

Issue 9: Recommendation that, if no requests for hearing or comments are received, the rule amendments and repeals should be filed with the Secretary of State and this docket closed.
