Dear Sir or Madam:

I am in receipt of your Notice of Application for Extension
of Service Area for the Rainbow Springs Woodland Area.

At this time I would like to enter my objection to
this extension. I have been a resident of Rainbow Springs
since 1981 when my home was built. At that time I spent
a considerable amount of money installing a very good
well and septic system. I have never had any problems
with my well and septic system and do not need the
services you now have to go through. I should
now have to go through considerable expense for
services you now want to provide. In fact, it would
be quite a hardship for myself and my husband as we
are all retired.

In addition, I am surprised that this subject has never
been discussed at a Property Owners Meeting.
