RE: Docket No. 980002-EG - Energy Conservation Cost Recovery Clause.
Docket No. 980003-GU - Purchased Gas Adjustment (PGA) True-up.

Via Facsimile

In Docket No. 980001-EI, Florida Power & Light Company proposed a company-specific issue designed to obtain the Commission's approval of an annual fuel and purchased power cost recovery factor for the period January 1999 through December 1999. If FPL's request is approved, it may necessarily involve a change in the established filing and hearing schedule for Docket 980001-EI.

Because the Commission's ongoing cost-recovery dockets currently share a similar filing and hearing schedule, staff has proposed a related issue in its Prehearing Statements in Dockets No. 980002-EG and 980003-GU:

Should the Commission approve a change in the future hearing schedule for this ongoing docket to coincide with any changes approved by the Commission in Docket No. 980001-EI?
