I really am upset and ~~mad~~ frustrated about this water meter & water charge to be pushed onto us. We pay a fair amount for our maintenance fee, which, by the way has gone up \$35 <sup>since</sup> I came here June of 96, of \$17 or \$17.50, which is to pay for water and sewer usage. What happens to this fee? I am sure our maintenance fees will not be reduced. This water <sup>rate</sup> fee is 2x the fee!! Who do you think you are, charging us like this, when it is in the contract that water & sewer are provided? Do you think we have money galore that you can fleece us? You are crooks!!

I am not requesting rates & charges, I am saying that I object very much, even to the idea. I object to people coming onto my property & installing meters I do not want, and will be paying double for water & sewer!!
