Re: FPSC Docket No. 951232-TI -*Transcall v. TSI*

Dear Mr. Halbert:

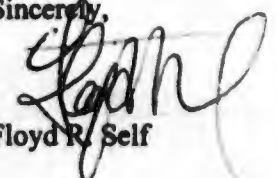

This is to follow up on your request for the confidential status of the various materials WorldCom/Transcall has produced to you in connection with the Staff audit.

It is our opinion that Florida law requires us to request confidential classification for customer name, address, and telephone numbers. Accordingly, at the appropriate time we will seek confidential treatment for the CDR tapes and any output containing customer name, address, and telephone numbers.

With respect to the DSC documentation we provided to you that addresses answer qualifiers and the switch load layouts, these materials are not confidential.

If you need any additional information, please let me know.

Sincerely,

  
Floyd R. Self
