The following question relates to Part I, Embedded Cost Data, Question 3, Separations Data of the FPSC, Auditing & Financial Analysis Divisions June 19, 1998 data request.

REQUEST: Please provide the 1997 revenue amounts, including the account numbers, reported on Schedule I-1 (Income Statement) which corresponds to your previously filed 1997 Part 36 Separations Cost Study, i.e., interLATA message, interLATA private line, intraLATA message, intraLATA private and local.

RESPONSE: BellSouth Telecommunications, Inc., objects to this request as requesting information that is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence in this case. Without waiving this objection, BellSouth provides the following response. The 1997 Part 36 Separations Cost Study filed August 1, 1998, by BellSouth Telecommunications, Inc., does not include revenues. The attached Schedule provides BellSouth Telecommunications, Inc. - Florida revenues and account numbers by category.

The following question relates to Part I, Embedded Cost Data, Question 3, Separations Data of the FPSC, Auditing & Financial Analysis Divisions June 19, 1998 data request.

REQUEST: In preparing the 1997 Part 36 Separations Cost Study, it appears that some companies have included the minutes of use from intraLATA IXC traffic as intraLATA and some companies have included the minutes as interLATA. Under which category, interLATA or intraLATA, has your company included the minutes of use from intraLATA traffic carried by IXC's?

RESPONSE: BellSouth Telecommunications, Inc., has included intraLATA IXC minutes as Access minutes (interLATA) for cost separations purposes since these minutes represent access traffic. This treatment matches expenses and investments with associated revenue.
