Subject: Crooked Lake Park Sewerage Company requesting waiver of 15 month rule in Docket No. 980778 - SU

Dear Ms. Bayo:

On behalf of the Crooked Lake Park Sewerage Company, I am requesting that the 15 rule for the final disposition of rates be waved. Originally the company was under the understanding that the major construction project consisted of rehabbing the collection system due to inflow and infiltration. It is now known that in addition to the rehab work now being done on the collection system, that the two existing percolation ponds must be relocated. The company is in the process of purchasing land behind the wastewater plant and requesting bids on relocating the ponds. To incorporate the relocation of the percolation ponds into the staff assisted rate case without requesting a waiver of the fifteen (15) month rule would cause an undue burden on the FPSC staff. By requesting the waiver, the staff can adjust the time schedule (CASR) of events for Docket No. 980778-SU.

If you have any questions, please contact me at once.

Very truly yours,

Hartman & Associates, Inc.
