

REQUEST: What percentage of your local loops are presently capable of carrying xDSL services?³ Please provide a list, by exchange.

RESPONSE: The requested information contains proprietary confidential business information which is being produced subject to BellSouth's Request for Confidential Classification. The information listed below is commercially sensitive information which is proprietary and should not be disclosed to the public. Disclosure of such confidential information could substantially harm the competitive position of BellSouth by assisting competitors in analyzing market opportunities, and in preparing marketing strategies to use in direct competition with BellSouth.

Ft. Lauderdale
