**REQUEST FOR CONFIDENTIAL CLASSIFICATION  
OF CERTAIN MATERIAL PURSUANT TO FAC 25-6.018**

**NOW, BEFORE THIS COMMISSION**, through undersigned counsel, comes Florida Power & Light Company ("FPL") and, pursuant to section 25-22.006 of the Florida Administrative Code and section 366.093 of the Florida Statutes, hereby requests confidential classification of certain materials provided to the Florida Public Service Commission ("FPSC" or "Commission") in connection with its report filed pursuant to Section 25-6.018 of the Florida Administrative Code . In support of its Request, FPL states as follows:

1. Petitioner's name and address are:

P.O. Box 029100  
Miami, Florida 33102-9100

Orders, notices, or other pleadings related to this request should be served on:

Florida Power & Light Company

Juno Beach, Florida 33408-0420  
(561) 691-7101

2. In accordance with Section 25-6.018 of the Florida Administrative Code, FPL is filing this date under separate cover its report on interruptions and curtailments under FPL's interruption and curtailment rate schedules (the "Report"). FPL considers certain information within the Report to be proprietary confidential business information within the meaning of section 366.093 of the Florida Statutes. FPL hereby requests confidential classification of such information.

3. The following exhibits are included herewith and made a part hereof:
- a. Exhibit A consists of all documents for which FPL seeks confidential treatment, whether in whole or in part. All information in Exhibit A that FPL asserts is entitled to confidential treatment has been highlighted. Exhibit A is submitted separately in a sealed folder or carton marked "CONFIDENTIAL."
  - b. Exhibit B is an edited version of Exhibit A. All information that FPL asserts is entitled to confidential treatment has been blocked out in Exhibit B.
  - c. Exhibit C is a table containing a line-by-line and page-by-page identification of the information for which confidential treatment is sought, and, with regard to each document or portions thereof, references to the specific statutory basis or bases for the claim of confidentiality and to the affidavits in support of the requested classification. Exhibit C is sometimes referred to hereinafter as the "Justification Table."
  - d. Exhibit D is the affidavit of Dennis Brandt.
  - e. Exhibit E is a computer diskette containing FPL's Justification Table.

4. FPL seeks confidential protection for the information highlighted in Exhibit A. The statutory bases for FPL's assertion of confidentiality with regard to each document or portion thereof are set forth in the Justification Table under the column titled "FLORIDA STATUTE 366.093(3)." The letters (a) through (f) refer to subsections of section 366.093(3), as applicable. Support for FPL's Request for

Confidential Classification of the referenced material is provided through the affidavit of Dennis Brandt, included herewith as Exhibit D.

5. FPL submits that the information highlighted in Exhibit A is proprietary confidential business information within the meaning of section 366.093(3). As Mr. Brandt's affidavit indicates, the highlighted information consists of customer-specific information for non-governmental customers. In particular, FPL has withheld the names of customers on the lists of information provided as attachments to the Report in order to avoid disclosing specific rate and contract information associated with those customer accounts. FPL considers such information to be confidential proprietary business information of the customer and does not disclose such information to third parties unless required by law or unless the customer consents to the disclosure.

6. Pursuant to section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

7. Upon a finding by the Commission that the material in Exhibit A for which FPL seeks confidential treatment is "proprietary confidential business information", pursuant to section 366.093(4) such materials should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business.

**WHEREFORE**, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "R. Wade Litchfield", is written over a horizontal line.

AFFIDAVIT OF DENNIS BRANDT

**BEFORE ME**, the undersigned authority, personally appeared Dennis Brandt who, being first duly sworn, deposes and says:

1. My name is Dennis Brandt. I am currently employed by Florida Power & Light Company ("FPL"). My title is Manager, Sales and Marketing Product Support. I have personal knowledge of the matters stated in this affidavit.

2. Regarding FPL's Exhibit C, I have reviewed the documents and information for which I am listed as Affiant and which are included in Exhibit A to FPL's Request for Confidential Classification. Such documents or materials that I have reviewed and which, in whole or in part, are asserted by FPL to be proprietary confidential business information, as noted on Exhibit C, contain or constitute customer-specific account information with respect to non-governmental customers. FPL's policy is not to disclose to third parties specific rate and contract information for non-governmental customers unless required by law or unless the customer consents to such disclosure.

3. The information referred to in this affidavit should be maintained as confidential for a period not less than eighteen months. In addition, these materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.
