RE: Order # PSC-99-0666-SC-TP; Docket No. 980459-TP

Director:

The following is in response to the above referenced order number to show cause why we should not be fined for what may appear as our refusal to reply with the flow through provisions of Order No. PSC-98-0795-FOF-TP.

As expressed in our written response on the flow through provisions, Utilicore did not purchase switched access for the period beginning October 1, 1998 through February 15, 1999 the date in which we ceased to provide any telecommunication services. There was no impact on our customer base from the flow through provisions.

What appeared as our failure to comply was unfortunately an internal issue on our part after the termination of several Officers of the company including our Vice-President of Regulatory Affairs. Again, after much turmoil and sifting through the sordid details of our company affairs, it was brought to our attention that this matter was outstanding and required additional response on our part. It is with due diligence that I am attempting to reply and resolve this matter as expediently as possible.

It is under these circumstances that we respectfully request that Utilicore not be fined for refusal to comply, and further request that the above referenced docket number be closed.

Any further response or questions should be addressed to my attention at our new address:

8466 North Lockwood Ridge
