Tommy, I am processing your revised CASR modifying event due dates. However, a company name cannot be changed via a revised CASR. You must send either a memo or e-mail to Linda Williams so the change can be document numbered and tracked.

.....  
I have a copy dated "5/05/99" where Linda informed us of the name change request so I just changed the CASR to help me. Do you need a copy?

.....  
I see where we received notification from the company of a name change, but an official e-mail from you to Linda and Nonny (since the name needs to be changed in MCD also) is needed.

.....  
I believe that the 4/29/99 letter from the company to Bayo informing this commission of the name change is as official as you can get. All correspondence is in that name and the new tariff reflects that name. If not, I give you permission to change the name to PF.Net, LLC.

Will make the necessary change in MCD. Tommy, we do need to be advised by staff that this is a name change, as we do not know at the time a letter comes in. That is the procedure, the notification goes to CMU, then staff informs Linda by e-mail or memo that the company name needs to be changed and that is given a document control number so that it can be tracked, then

this e-mail to Linda so that it can be  
placed in the docket file. Thanks,
