CC: Catherine Bedell, Cayce Hinton

.....  
Per our earlier telephone conversation, WorldCom is only adopting a portion of the BellSouth/MCI agreement, and they have negotiated terms with BellSouth for the portions they did not adopt. Since they are not adopting the BST/MCI agreement in its entirety, they are not adopting something that has been approved by this Commission. Therefore, I believe it should be treated as a new agreement, and the Docket Title should read as follows:

Petition by WorldCom Technologies, Inc. for approval of interconnection, resale, and unbundling agreement with BellSouth Telecommunications, Inc. pursuant to the Telecommunications Act of 1996.

Ok, we'll change the title per this e-mail. Thanks Calvin.
