RE: 30 day extension for Crooked Lake Park Sewerage Company in Docket No. 980778

Dear Mr. Rendell:

Mr. Knowlton has asked me to request a 30 day extension in Docket No. 980778-SU in order for the Company to complete phase 2 of the requested \$200,000. Phase 1 has been completed and \$50,000 has been deposited into Crooked Lake Park Sewerage Company's checking account. Mr. Knowlton estimates that the entire loan and the associated contract papers will be completed with a copy sent to the Florida Public Service Commission within the next thirty days. It is critical that the Company receive final rates including the \$200,000 loan and the pro forma plant additions versus filing a limited proceeding or requesting another staff assisted rate case. If you have any questions, please contact me at once at (352) 754-4000. Thank you for your cooperation.

Sincerely yours,  
  
Chuck Lewis

bcc: Ken Knowlton
