Subject: fwd: Docket 990632-TX - Blegbi, Inc. ALEC Certificate

Tommy, I'm preparing case assignment to send revised CASRs to the Chairman's office. In your reason for revision on Docket 990632-TX you state that the company forwarded the wrong application - should have been IXC - tariff being sent, and that you would advise of new title. CMS title still reflects this as being an ALEC application. Are you still waiting on the tariff to change the title?

.....
No. I thought that I copied Linda to change the docket title to reflect the change to TI. I had the recommendation ALEC ready when I called concerning the price list. They then said that was the wrong certificate and they did not want to be an ALEC. Well, since we had all the information I advised to mail me a tariff, I would change the docket title and revise the CASR for a later date.
