Hi Cathy. Can you send me documentation to open a docket on the petition for declaratory ruling, so I can go ahead and open the docket for yesterday. Thanks.

Yesterday, I discussed the question of how to handle the pleading filed by GTE. We determined that it appears to be a petition for declaratory statement that should be addressed in a docket separate from the docket the underlying order was issued in. Therefore, we would like for Records to open a separate docket on this filing. Thanks.
