NOTICE TO CUSTOMERS OF TEMPORARY WASTEWATER RATE INCREASE

Dear Customer:

On February 12, 1998, Lindrick Service Corporation ("Lindrick") filed a Petition with the Florida Public Service Commission ("Commission") to implement a two-step increase in wastewater rates. The Petition was necessitated to allow Lindrick to recover the cost of compliance with a consent order issued by Department of Environmental Protection concerning the Lindrick's wastewater system and a bulk wastewater treatment agreement with the City of New Port Richey ("City") and the cost of bulk wastewater treatment service provided by the City. These costs include the cost of an interconnection with the City, the bulk wastewater treatment provided by the City, and other increased costs related to Lindrick's wastewater operations. Lindrick's Petition has been amended and currently requests a final rate increase for wastewater operations of 142.67 percent assuming no change in related party services and 158.13 percent if all related party expenses are replaced with contract services from third parties.

By Order No. PSC-99-1010-PCO-SU, issued May 20, 1999, the Commission approved emergency temporary wastewater rates designed to increase revenues by 59.89 percent to allow Lindrick to recover the cost of wastewater treatment service purchased from the City. These rates were approved subject to refund pending the Commission's final decision. The utility provided an irrevocable letter of credit for security for a potential refund and the emergency temporary rates became effective May 27, 1999.

Subsequently, by Order No. PSC-99-1883-PAA-SU, the Commission partially granted Lindrick's Second Amended Petition for a limited Proceeding to Increase Wastewater Rates by granting a proposed temporary wastewater rate increase of 91.26 percent. The proposed temporary rate increase of 91.26 percent will become final unless a protest is filed by Lindrick or any adversely affected party on or before October 12, 1999. If such a protest is filed, the temporary rate increase will remain effective, subject to refund, pending the outcome of the final rate hearing in this proceeding. The utility has provided an increased irrevocable letter of credit as security for a potential refund for these temporary rates.

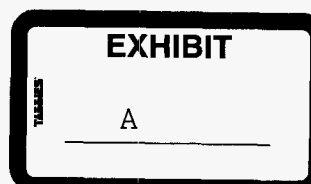

The rates approved by the Commission are shown on the accompanying schedule and will be effective for service rendered on or after October 1, 1999.

If you have any questions concerning this matter, please contact the Utility's Office at (727) 848-1165 and have your account number readily available.

Sincerely,

LINDRICK SERVICE CORPORATION
