 RE: Docket No. 991616-TX, O1 Communications of Florida, LLC, Financial Analysis for Certificate Application for Alternative Local Exchange Telecommunications Service *ALM*  
*APC*  
*DM*

Section 364.337 (1), Florida Statutes, requires the following:

The commission shall grant a certificate of authority to provide alternative local exchange service upon a showing that the applicant has sufficient technical, financial, and managerial capability to provide such service in the geographic area proposed to be served.

Also Section 364.01 (3) and (4) states that:

(3) The Legislature finds that the competitive provision of telecommunications service, including local exchange telecommunications service, is in the public interest.

and

(4)(d) The Commission shall exercise its exclusive jurisdiction in order to: (d) Promote competition by encouraging new entrants into telecommunications markets . . .

Regarding the showing of financial capability, the Finance staff has analyzed the unaudited financial statements of O1 Communications of Florida, LLC (OCF) for the eight month period ending August 31, 1999. The applicant requested confidential treatment of its financial statements. In this matter, OCF is asking for a certificate to provide alternative local exchange telecommunications service. For purposes of granting a certificate based on the financial information provided, the financial capability appears minimal.

Although an analysis of the financial statements reveals the applicant is in a minimal financial position, the applicant attests to its financial capability to provide and maintain the proposed telecommunications service by noting that the applicant can rely upon the financial support of the parent company if needed. Based on this showing, the applicant appears to meet the financial capability standard of Section 364.337, Florida Statutes.
