Dear Bobbie:

As I indicated in the voice mail message I left you Wednesday morning, we are currently trying to accumulate the information necessary to respond to the staff's first data request submitted in your letter dated September 28, 1998. We are still working on putting together the responsive information for you. Because of conflicts with other projects, this is taking a little longer than expected.

As I told you in my message yesterday, we hope to have everything done and to you by a week from this Friday, or ten days later than the original deadline. I trust that this does not present any problem. Should you have any questions in this regard, please let me know. Otherwise, we should have all of this information to you by Friday, November 6, 1998.

Dear Sir:

We would like to register a complaint about the quality of the water provided by Aloha Utilities of Holiday, FL.

The water provided is black in color, has a bad taste and a foul smell. We wonder if this causes a health problem?

Aloha has claimed that the condition of the water is due to copper pipes in the homes in our area. We have friends and relatives who live in our area and who also have copper pipes in their homes but do not have Aloha Utilities providing water, and they do not have the same

problems with their water. We wonder why?

Although we presently pay a high rate for our undesirable water Aloha would like us to pay additional money to provide a treatment plant to supposedly eliminate this problem. We do not feel that this is our financial responsibility.

Since we cannot purchase our water from another provider we feel we are being taken advantage of.

We are asking for help in inducing Aloha to provide us with clean palatable water or to switch us to another utility that will provide this rightful service.

Re: Aloha -- Rep. Fasano

Hong, I have attached a list of active and inactive dockets involving Aloha Utilities. Please verify that Representative Fasano's name has been added to the Interested Persons List in these dockets (unless he is already a party to the docket). Fasano should be added to the closed dockets in the event that they are reopened (I assume this is possible).

Once you have confirmed this, please prepare a memorandum for my signature to Noreen stating that we have handled her request. Please include as an attachment the CMS listing of the dockets -- reference this in the memo.

Thanks.
