**Financial Documentation
of
eVulkan, Inc. d/b/a beMANY!**

As a newly-formed entity, eVulkan, Inc. d/b/a beMANY! ("beMANY!") does not possess historical financial statements. Because beMANY! will be providing service on a resale basis, capital outlays will be minimal; accordingly, Applicant anticipates satisfying its cash flow obligations from revenues from its Florida operation.

Notwithstanding the self-supporting nature of Applicant's proposed operations, attached hereto is beMANY!'s most recently available balance sheet, for the quarter ending March 31, 2000, which demonstrates Applicant's possession of more than sufficient financial resources to provide resold local telecommunications services to residents of the State of Florida.

eVulkan, Inc. d/b/a beMANY!

TECHNICAL QUALIFICATIONS/MANAGEMENT EXPERIENCE

eVulkan, Inc. d/b/a beMANY! ("beMANY") has assembled a highly skilled management team, which brings a wealth of experience and expertise to the Company's local and interexchange telecommunications services ventures. Together, the Company's executives provide it with the depth and breadth of management, operational and technical capabilities necessary to facilitate its provision of high quality, affordable local and interexchange telecommunications services.

Brief summaries of the experience of key members of the Company's executive team are set forth below:

GEORGE JANKOVIC President and Chief Executive Officer

George Jankovic, President and Chief Executive officer of beMANY!, has been at the forefront of business-to-business Internet applications, focusing upon the provision of not only telecommunications services, but other utility services, to small to medium-sized businesses. Building upon his extensive "B-2-B" customer care and marketing expertise, Mr. Jankovic founded beMANY! in 1999 to create a forum within which individual business and residential consumers might benefit from access to a broad array of services, including telecommunications and various forms of energy services, at rates previously available only to much larger corporate or institutional customers.

Prior to founding beMANY!, Mr. Jankovic was a senior member of the executive management team of VerticalNet, Inc., a publicly-traded company which was at the time of Mr. Jankovic's association with the company, the largest Internet business-to-business company in operation. While part of VerticalNet's executive management team, Mr. Jankovic was extensively involved in all phases of the company's initial public offering, the ninth largest public offering to date. As Vice President of Product Development, Mr. Jankovic had primary responsibility for product strategy and definition, as well as prioritization, and oversaw the operations of three distinct product development teams.

Before joining VerticalNet, Mr. Jankovic was President and co-founder of RF GlobalNet, a business-to-business e-commerce company which was eventually acquired by VerticalNet and ultimately accounted for approximately one-quarter of VerticalNet's total revenues during 1998.

Mr. Jankovic has also served in the role of Director of Business Development and Marketing Manager of Ansoft Corporation, a technologies software company.

Mr. Jankovic holds a Masters Degree in Electrical Engineering from the University of Colorado at Boulder.

WILLIAM ROBINSON
Senior Vice President
of Marketing

William Robinson, Senior Vice President of Marketing for beMANY!, possesses well over a decade of marketing experience at the senior executive level. Well-versed in all critical areas of marketing functions both through educational background and significant real-world experience, Mr. Robinson has joined beMANY! following his association with Beneficial National Bank, USA, a leading issuer of private-label credit cards. Mr. Robinson held the position of Senior Vice President - Marketing and Planning for Beneficial National Bank, where he was responsible for the introduction of several innovative database marketing techniques which led to the development of numerous new Internet-based services utilizing proprietary technology.

Immediately prior to his position with Beneficial National Bank, Mr. Robinson spent nine years with American Express, where he held the position of Vice President - Marketing and Sales. In this capacity, Mr. Robinson, among other things, oversaw the totality of American Express' consumer credit card operations in Japan. His responsibilities encompassed not only all aspects of new customer acquisition, but also comprehensive advertising and marketing activities, the development of new cardholder service programs, and the management of American Express' Japanese national sales force. Mr. Robinson advanced to this position after having been brought on board by American Express to serve in the capacity of Vice President - Marketing for the company's Platinum Card program.

Earlier in his career, Mr. Robinson held both consumer and business marketing positions with such Fortune 500 companies as Procter and Gamble, Western Union International, and International Playtex.

Mr. Robinson received an MBA in Marketing and Finance from Columbia University.

MIRCEA MIHAESCU
Vice President and
Chief Technology Officer

Mircea Mihaescu, Vice President and Chief Technology Officer of beMANY!, brings to the Company a wealth of knowledge amassed over more than 15 years of active involvement, at the senior management level, in the software engineering field. Mr. Mihaescu is responsible for technology planning and architectural decisions for beMANY! and oversees and manages all stages of the developmental life cycle of the Company's financial, real-time, commercial and business software applications.

Mr. Mihaescu joined beMANY! following his tenure as Technology Head for the third largest bank in Canada, Bank of Montreal. For a period of five years, Mr. Mihaescu spearheaded the development and successful, often time-sensitive, implementation of large-scale software programs undertaken by Bank of Montreal's Global Treasury Group. Starting virtually anew, Mr. Mihaescu built the Global Treasury Group's IT Department to a staff of five managers and more than 40 developers.

Prior to joining Bank of Montreal, Mr. Mihaescu held various IT management and development positions and has acted as a consultant to companies in need of expert advice in achieving technology implementation goals.
