

2000 ALEC Data Request

Florida Statute 364.02(02) defines basic local service as:

"Basic local telecommunications service" means voice-grade, flat-rate residential and flat-rate single line business local exchange services which provide dial tone, local usage necessary to place unlimited calls within a local exchange area, dual tone multi-frequency dialing, and access to the following: emergency services such as "911", all locally available interchanges companies, directory assistance, operator services, relay services, and an alphabetical directory listing. For a local exchange company, such items shall include any extended area service routes, and extended calling service in existence or ordered by the commission on or before July 1, 1995.
