We are totally against the United Water Systems.  
We were not informed about the idea of bringing  
sewer and water to our area.  
I haven't even heard of any bad water/sewer  
problems in our community. So why do we need it?  
The costs will be too great! Development in  
Nassau is out of hand. Our community has  
no need for this, and if we do, let someone  
else besides the taxpayers pay for it - like who-  
ever is wanting it - the developers!  
We vote for President and everything else, so  
where is our vote on this issue? Where was  
our representative and Commissioner?
