RECORDS AND
REPORTING

Dear Sirs:

The notice we received in our water bill is informing us that the water company is asking for an extension of its service area.

There is a lot of people already unhappy with our water service. Especially with the water pressure. My understanding was that when the water company was sold to the present owners, they were going to enlarge the water main lines to give us better water pressure.

If you are going to approve any extension of service area, I would hope you would consider the plight of the people already getting bad service, and include enlarging the water mains to us.

Thank you for considering us in your decision.

I would also appreciate any information you can give us regarding this application and also any information about agreements to the prior sale of the Water company to Aquasource.

Thank You

Sincerely

Larry Truckermiller

Larry Truckermiller
