RE: Docket No. 001373-TP Request by BellSouth Telecommunications, Inc. for Approval of Amendment to resale agreement with GTE Communications Corporation (n/k/a Verizon Select Services, Inc.)
 Agenda Item No. 10 - January 16, 2001 Agenda Conference- Corrections to Recommendation

Upon further review of the recommendation referenced above, staff requests that it be allowed to make a few corrections for the purpose of accuracy. Consistent with SOP 1607, these corrections are simple, easy to understand, and not likely to change the Commissioners' vote from what it otherwise would have been. The corrections to Item No. 10 are as follows:

1) On page 1, the Case Background should be corrected to strike the word "Agreement" following the 11/7/00 date and replace it with "Amendment."

2) On page 2, the Case Background should be corrected to make the same change in the sentence describing the filing made with the Commission on December 8, 2000. In addition, in the staff analysis, the same change should be made in the fourth line from the bottom on page 2 and in the last line.

3) On page 3, the first full sentence should be corrected to delete the duplicate words "an order approving," and to add the words "amendment to the" before the word "agreement." Therefore, the sentence should read "Thus staff recommends acknowledging the withdrawal in lieu of issuing an order approving the amendment to the agreement between BellSouth Telecommunications, Inc. and GTE Communications Corporation (n/k/a Verizon Select Services Inc.)."

Staff requests that it be allowed to make these changes orally since they are minor and requests that the item not be deferred because of the corrections.
