RE: The Woodlands of Lake Placid
Wastewater Application

Dear Ms. Clapp,

I am enclosing as per your letter of October 25, 2000, the following:

1. It is my understanding that arrangements have been made with John Lovette to have a staff person do an audit to determine financial ability.
2. A revised Exhibit "H" with the distances included as requested.
3. A system map showing the territorial boundaries and facilities. The area shown as "Grassy Lake Circle" is served by individual septic systems. ~ RGD
4. Woodlands is presently complying with the notice requirements and will furnish the affidavits as soon as the notice has been published.

Clarifications:

1. Schedule of Customers. There are 406 wastewater connections within Camp Florida Resort, (services run to 397 lots, 7 bathhouses, the pool house and the sales office. Of the 397 lots, 156 are sold and are billed for wastewater service. The same number is billed for water service. In the future as lots are sold, water meters will be installed.)

RE: Woodlands of Lake Placid Wastewater Application

December 8, 2000

2. Water Conservation Rates. Water meters have been installed on lots owned by individuals within Camp Florida Resort and the buildings owned by the Property Owners Association. Southwest Florida Water Management District (SWFWMD) had requested a water conservation rate schedule, but at the time of issuing the water use permit, there were no water meters installed. During the process of renewing the Water Use Permit, SWFWMD requested that by the year 2004 we submit a water audit.
3. Application affidavit as per your request.

I will forward the notice affidavits and advise you of Woodlands' method of sharing financial ability as soon as possible.

Sincerely yours,

Andrew B. Jackson
