

VOTE SHEET

JUNE 12, 2001

RE: DOCKET NO. 990455-TL - Request for review of proposed numbering plan relief for the 305/786 area code - Dade County and Monroe County/Keys Region.

DOCKET NO. 990457-TL - Request for review of proposed numbering plan relief for the 954 area code.

ISSUE 1: Should the Commission establish implementation dates for the 954 NPA?

PRIMARY RECOMMENDATION: Yes. Staff recommends Option 2 which establishes implementation dates for the 954 NPA by initiating permissive 7- or 10-digit dialing in the 954 NPA, and concurrent mandatory 10-digit dialing in the new 754 NPA overlay immediately after receiving a Federal Communication Commission (FCC) temporary waiver of 47 C.F.R. 52.19(c)(3)(ii). The Commission should also approve the filing of a petition to the FCC for a temporary waiver of 47 C.F.R. 52.19(c)(3)(ii) in the 954 NPA (Attachment A of staff's May 31, 2001 memorandum). However, if the FCC fails to act on the Florida Public Service Commission's (PSC) petition by October 1, 2001, the alternative recommendation should be initiated.

MODIFIED - *The decision on this docket is procedural instead of PAA.*

The primary recommendation is approved with the following changes:

- *A request is to be filed w/ the FCC for a declaratory statement or in the alternative a waiver indicating this is the course of action the PSC intends to take by 9-1-01.*
- *allow permissive dialing by 8-1-01.*
- *mandatory 10-digit dialing is to begin 4-1-02 with 954 To be permissive until then.*

VOIE SHEET

JUNE 12, 2001

DOCKET NO. 990455-TL - Request for review of proposed numbering plan relief for the 305/786 area code - Dade County and Monroe County/Keys Region.

DOCKET NO. 990457-TL - Request for review of proposed numbering plan relief for the 954 area code.

(Continued from previous page)

ALTERNATIVE RECOMMENDATION: No. In lieu of establishing implementation dates for the 954 NPA at this time, staff recommends a modification of Option 1, changing the EAS dialing patterns of calls made from the 954 NPA into the 561 NPA from 7-digit to 1+10-digit dialing to eliminate the code conflicts between these NPAs and provide needed numbering resources to carriers and customers immediately. Staff also recommends that the EAS permissive and mandatory 1+10-digit dialing in the 954 NPA should begin 60 days and 120 days, respectively, after the issuance of the Commission's order. In addition, staff recommends that BellSouth provide carriers notice of the dialing change at least 30 days prior to the permissive dialing date to allow sufficient time to educate their customers and make any necessary network changes.

DENIED

ISSUE 2: Should the Commission establish implementation dates for the 305/786 NPAs?

RECOMMENDATION: Yes. Staff recommends that the Commission establish the permissive dialing period for 7- or 10-digit local dialing beginning on August 1, 2001, with the mandatory 10-digit dialing period beginning on February 3, 2002.

DEFERRED

To 6/25/01.

ISSUE 3: Should these dockets be closed?

RECOMMENDATION: No. Staff recommends that these dockets should remain open pending the implementation of rate center consolidation and number pooling in the Keys, as well the implementation of overlay relief plans in the 305/786 and 954 NPAs.
