**FLORIDA POWER & LIGHT COMPANY'S  
REVISED PREHEARING STATEMENT**

Pursuant to Order No. PSC-01-1885-PCO-EI, issued September 21, 2001, establishing the prehearing procedure in this docket, Florida Power & Light Company ("FPL") hereby submits its revised Prehearing Statement. FPL is providing only those items that have changed. This reflects the revision addressed by the Testimony and Exhibits of FPL Witness L.E. Green, J. Hartzog and K.M. Dubin concerning added plant security costs and a revision to FPL's sales forecast resulting from the September 11, 2001 terrorist attack.

**FPL:** 2.860 cents/kWh is the levelized recovery charge to be collected during the period January, 2002 through December, 2002. (DUBIN)

**\*\*\* New Issue**

**ISSUE 18L:** Should FPL be allowed to recover incremental security costs through the Fuel Cost Recovery Clause?

**FPL:** Yes. FPL believes it is essential to increase security to protect and maintain its fuel supply so that we can continue to provide economical nuclear and fossil generation. Clearly, the inability to operate one or more of our generating units, particularly our nuclear generation units, will have a significant adverse impact on our fuel costs. FPL believes it is appropriate to recover the incremental security costs through the fuel cost recovery clause. There are significant uncertainties in these costs. Moreover, it is vital that FPL respond to changing threat levels in a proactive manner.

(HARTZOG/DUBIN)

**ISSUE 30:** What are the projected capacity cost recovery factors for each rate class/delivery class for the period January, 2002 through December, 2002?
