Re: Docket No. 000327-WS

Dear Mr. McGowan:

This will acknowledge receipt of an application by Buffalo Bluff Utilities, Inc. for staff-assisted rate case in Putnam County, which was filed in this office on March 17, 2000 and assigned the above-referenced docket number. Appropriate staff members will be advised.

Mediation may be available to resolve any dispute in this docket. If mediation is conducted, it does not affect a substantially interested person's right to an administrative hearing. For more information, contact the Office of General Counsel at (850) 413-6248 or FAX (850) 413-7180.

Palatka, Florida 32177

Re: Docket No. 000327-WS, Application for a Staff Assisted Rate Case by Buffalo Bluff Utilities, Inc. in Putnam County

Dear Ms. Driggers:

This letter is to follow-up your phone conversation with Mr. Ryan Fitch and confirm our reservation of the Palatka City Hall for Wednesday, October 18, 2000 from 1:00 am to 10:00 pm. We are planning to hold afternoon meetings from 2:00 pm to 5:00 pm, followed-up by a general customer meeting beginning at 6:00 pm. We may finish the general customer meeting before 10:00 pm depending on the number of attendees and the number of comments received.

I understand that the City Hall Chambers seats approximately 60 people and is equipped with an audio system. I am attaching a layout which we normally use for these public meetings. If you have any questions, please contact Ryan Fitch at (850) 413-6928. Thank You.

Sincerely,

Troy Rendell
Public Utilities Supervisor

APPROVED: 01/25/90**

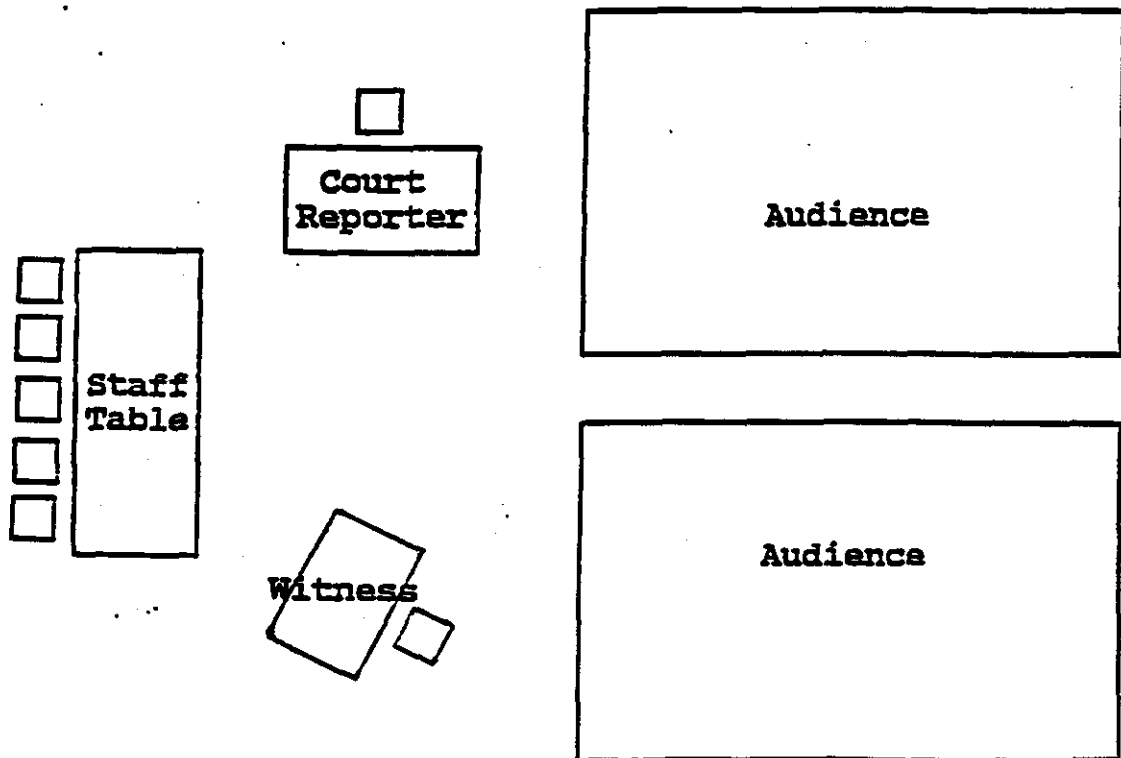

2. Seating

Staff should be seated at an elevated platform in front of the audience if at all possible. A raised bench such as we have at the Commission is best. A table may only be used if the front and sides are covered with a modesty skirt. Folding tables with an open front are appropriate only when using a modesty skirt.

A separate podium or table to one side of and facing the staff bench (away from the audience) is required for witnesses.

A second table or bench on the opposite side of the staff bench from the witness podium is required for the court reporter. If a fixed bench is not available, a table may be used provided the front and sides are covered as described above.

The meeting set up should appear as shown below:

Items that have lead to unaccounted water use.

1. Entranceway has 4 areas that each have multiple sprinklers. At times are left on 3-4 hours. No Meter.

2. Office - Not accounted for. No bill - Has meter.

3. One house - No Meter

4. One house - Developer. Not paying bill.

5. Six houses have meters that either cannot be read or read at such a small amount (300 gallons for a house

that has full time occupants & a sprinkler system) that it is evident meter is bad. This has been going on for some time. Occupants have acknowledged problem.

Add all this up & you can account for lost water & REVENUE.

Re: Docket No. ~~000327-000~~

Nov. 25 2000

There are two issues in your proposal we feel have been have not been addressed. The first is the availability and cost for the individual homeowners to install a separate meter for the purpose of irrigation, that is that no sewer charge would be applied to water passing through this meter. The second issue is to require the utility to connect the two dead end water mains together to form a loop. This would help to solve the poor water quality and low-pressure problems the customer's experience on the end of each of these lines. I hope it is not too late to consider these issues before the Dec. 5 meeting of commission conference.

Thank You,

Ronald Wegner Pres.

Re: Docket Number 000327-W3, application for a Staff Assisted Rate Case by Buffalo Bluff Utilities, Inc.

Mr. Wegner:

This letter is in response to your letter dated November 25, 2000. In your letter you listed the following two concerns as not being addressed in staff's recommendation. First that "the availability and cost for individual homeowners to install a separate meter for the purpose of irrigation, that is that no sewer charge would be applied to water passing through this meter" and second, "to require the utility to connect the two dead end water mains together to form a loop".

As we discussed in our informal customer meeting on October 18, 2000, staff's calculation of rates assumes that 80% of water on average is returned to the wastewater system. When asked about separate irrigation meters, staff stated that the customers could request the utility install irrigation meters, but would be required to pay the meter installation fee contained in the utility's tariff. It should be noted that on December 5, 2000, the Commission approved a meter installation fee of \$110 for a 5/8x3/4" meter fee based upon the actual cost of installing a meter as provided by the utility.

In our October meeting we also discussed a number of possible plant improvements to improve the quality of the utility's product, one of those alternatives was line looping. At the December 5, 2000, Agenda Conference, the Commission made the decision that addressing the problem of low water pressure would require a modification to the water treatment system, and that spreading the cost over a customer base of 60 connections would greatly increase the customers' rates. Because the utility meets Department of Environmental Protection requirements, any improvements to the utility's product would be for aesthetic reasons. In this case, the Commission found that it was not economically feasible to remedy all of the low pressure concerns. However, if the utility's customers want some of these improvements to occur and are willing to pay for these improvements

St. Augustine, FL 32084

Re: Docket No. 000327-WS, Application for a Staff Assisted Rate Case in Putnam County by Buffalo Bluff Utilities, Inc.

Mr. Thompson:

On December 5, 2000, the Commission voted on staff's recommendation dated November 20, 2000. A Proposed Agency Action (PAA) order is scheduled to be issued on December 26, 2000. If no protests are filed by the end of the protest period, which is 21 days from the date that the PAA order is issued, the rates and charges approved by this Commission will become final. However, the utility must submit revised pages for staff's approval before the utility can implement new rates.

To expedite the tariff revision process, the utility should file all revised tariff pages by January 17, 2001, to allow staff sufficient time to verify the accuracy of the revised pages. Enclosed are instructions for, as well as, examples of revised tariffs for this utility. Although staff has prepared revised tariffs for this utility, it is the utility's responsibility to make sure all tariffs submitted to the Commission are complete and accurate.

A copy of the customer notice informing the utility's customers of the Commission's approved increase must also be submitted for staff's review and approval. After staff approves this notice, it must be mailed to customers of receipt prior to consumption at the increased rates. This notice shall show the effective date of the tariffs. Staff has also included an example of a Commission approved customer notice.

Mr. Pierre Thompson or Mr. William McGowan
Page 2
December 15, 2000

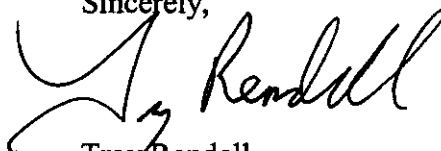

Please mail the revised tariff pages and a copy of the proposed customer notice to:

Mr. Ryan Fitch
Division of Economic Regulation

Tallahassee, Florida 32399-0850

Enclosed is a copy of accumulated plant, depreciation, CIAC and amortization of CIAC schedules reflecting year end balance at May 31, 2000. The Commission approved these balances for rate setting purposes in this case. Please reconcile your books with the Commission approved accumulated balances shown on the enclosed schedules.

If you have any questions, please contact Ryan Fitch at (850) 413-6928.

Sincerely,

RE: Docket No. 000327-WS Buffalo Bluff Utilities, Inc.

Can you please determine if Buffalo Bluff Utilities Inc. has completed its pro form improvements per Order No. PSC-00-2500-PAA-WS

ORDERED that this docket shall remain open for an additional 180 days from the effective date of this Order to verify that Buffalo Bluff Utilities, Inc. has installed meters for unmetered customers as set forth in the body of this Order and that Buffalo Bluff Utilities, Inc. has made the repairs ordered to the collection system. Once it is verified that the work has been completed, the docket shall be closed administratively.

I have revised the CASR to allow an additional two months for the staff engineer to verify the pro forma additions listed in the above order.
