We need HELP, LOTS OF Help!

The over 200 residents of Tropical Isle, in Fort Pierce, have had a sewer rate increase from \$13.00 to over \$35 a month.

The Public Service Commission has been well informed of this tremendous inflated increase, but nothing has been accomplished as of this date. The Florida Water Services Co. does not care about service to individuals, so Mister Public citizen means nothing, either to F.W.S. or the Public Service Com.

Frankly, we don't know what to do to get help. Maybe you could use your influence, or advise us on what we should do.

Yours very truly,

Richard K. Whitehill

Re: Docket #970409-WS

Can't you do anything to stop the unbridled arrogance of Florida Water Services (FWS)? On May 11, Tropical Isles (TI) residents received an undated notice from FWS announcing "initiation of limited proceeding to restructure [emph. added] FWS wastewater rates for TI"... It went on to say that a meeting with TI residents would be in "late May or early June"; this, of course and not coincidentally, being when many TI residents are not in Florida.

PSC's original directive (October 1996) to SSU/FWS was to see if water-use data could readily be obtained from Fort Pierce Utilities Authority (FPUA), so a fair rate for wastewater-only service could be determined. After stating such was not feasible, FWS admitted it could easily obtain data from FPUA.

How can PSC staff allow FWS to issue a memo with information contrary to the Commission's order? FWS tries to have readers accept the fact that the total amount due FWS for TI services is set; that only varying rates among residents based upon regular and vacation usage is still open. **THIS IS NOT THE COMMISSION'S ORDER. FWS WAS TOLD TO GET DATA FROM FPUA SO A FAIR RATE COULD BE DETERMINED FOR T.I. BECAUSE OF A UNIQUE SITUATION!**

FWS' rate for TI is far too high. FWS staff comments during the 1996 hearings indicated less than \$20.00 per month per residence -- A \$5.00 increase would turn a profit for FWS. The current move by FWS shows its typical arrogance and contempt for good customer relations. It is a "three shells and the pea" game to make certain unwarranted assumptions to try to get a confiscatory rate from people with a fixed income.

Enough is enough! Stop this rogue company from its constant management, legal and lobbying manipulation and pressures. It appears that PSC staff tries to find ways to help FWS get more money. Even when FWS was directed to consult about a fair rate for TI, this memorandum is the result. Return the TI rate to the original \$13.33 per resident per month that it was plus any increase which the company shows is necessary to make a profit at Tropical Isles; namely, the \$5.00 per month according to their own statements.

Ft. Pierce, Florida 34982

Re: Docket No. 970409-SU -- Investigation into appropriate wastewater rates of the Tropical Isles facility of Florida Water Services Corporation in St. Lucie County

Dear Ms. Greene:

Thank for your May 23, 1997, letter regarding the customer meeting at the Tropical Isles Service Area. As you are aware, in Docket No. 950495-WS, the Public Service Commission ordered Florida Water Services Corporation (Florida Water) to investigate the feasibility of charging Tropical Isles customers for wastewater service on a metered basis, and the feasibility of implementing a vacation rate for seasonal residents. Docket No. 970409-WS has been opened to address these issues.

Your letter indicates concern over the timing of a proposed customer meeting. The purpose of the meeting is to inform the customers of information gathered by staff and the utility, and to receive comments and information from the customers. The staff was concerned about conducting the meeting during the summer months, when seasonal residents might be out of town. However, the staff was also concerned that to delay the meeting by several months might delay the resolution of the case. To that end, the staff required the utility to notify out-of-town Tropical Isles that they could provide written comments regarding the situation.

You have indicated that you believe that the customers of Tropical Isles would be better served by holding the meeting at a later date. I have instructed the Commission staff to contact you and Mr. McLean of the Office of Public Counsel to ensure that any delay caused by rescheduling the meeting would be acceptable to a majority of the Tropical Isles customers.

97-0169 JUN 11

I am writing to you not only as the President of Tropical Isles Homeowners Association, Inc., but a concerned citizen and outraged customer of Florida Water Services (FWS).

For well over 18 months we have been suffering under the unbelievable rate hike FWS has imposed upon us. Insult has been added by their blatant lies and questionable circumvention of the PSC's orders.

FWS now wants to hold a meeting to "restructure" the rates for Tropical Isles. They want to hold this meeting in June, when many of our residents have gone north for the summer. If getting information to the people is their real purpose, I feel their aim would be better served by holding this meeting in October or November, when most of our residents are here.

I am writing to you to strongly request your support in having FWS postpone this meeting!

I know this seems strange, in light of how long this has dragged on, however, in this case, I don't feel that the best interests of the residents (my friends and neighbors) would be served by holding this meeting during the summer months.

Hoping to hear from you and/or the PSC soon!

Sincerely,

K. Lynn Greene
President
Tropical Isles Homeowners Assoc., Inc.

Re: Docket No. 970409-SU: Investigation into the appropriate wastewater rates for the Tropical Isles Facility of Florida Water Services Corporation in St. Lucie County

Dear Ms. Xanders:

Attached is the information that you requested via letter dated November 13, 1997 concerning the billing analysis prepared for this docket. As you can see half of the water removed from the billing analysis is water used at the Florida Water Services wastewater plant in Tropical Isles. The remaining gallons were removed because we do not have the properties supplied by the Ft. Pierce Utility Authority listed as current customers. Field personnel checked the addresses of these properties and could not verify at the time that those addresses were occupied residences.

I have also attached an additional billing analysis and rate design sheet that includes the gallons previously excluded as described above, except for the gallons attributable to the wastewater plant. This information is being supplied for informational purposes only. Note that the addition of these gallons and bills does not change the rates significantly, mainly because of the 6,000 cap per bill used for the attached rate design.

Please advise me of any recommendations or questions you have regarding this information. Florida Water is willing to conduct such further examination of these matters as is reasonable.

Sincerely,

Tony Isaacs
Rate Design Supervisor

Dear Mr. Cimino:

As promised, I have enclosed a copy of the latest schedule of events in the above-referenced docket. As we last discussed, Staff rescheduled the recommendation filing date in order to further review and analyze information related to the revenue requirement in this case. You will notice that we are now scheduled to file a recommendation on June 24, 1999, to be heard at the Commission's July 6, 1999 Agenda Conference. As soon as the recommendation is filed, I will mail you several copies of the recommendation for distribution among the Tropical Isles' residents. As always, if you have questions or comments, please do not hesitate to contact me at (850) 413-6964.

Sincerely,

Re: Docket No. 970409-SU- Initiation of Limited Proceeding to
Restructure Wastewater Rates for Florida Water Services Corporation's
Tropical Isle Service Area in St. Lucie County.

Dear Ms. Gervasi:

Pursuant to Section 119.07, Florida Statutes, and on behalf of Florida Water Services Corporation ("Florida Water"), I request that the Florida Public Service Commission provide copies of all public records, documents, correspondence, work papers, analyses and calculations prepared, filed reviewed, considered, or otherwise used by the Florida Public Service Commission staff and/or the Florida Public Service Commission in the captioned matter; in particular, Florida Water requests all such materials for the calculation of the revenue requirement and other numbers reflected on the preliminary staff analysis report, dated November 29, 1999, and all subsequent updates or changes thereto, in the above-referenced docket. Specifically included in this request are all work papers, analyses and related documents (as defined below) used to arrive at the revenue requirements and rates after all adjustments are made.

For purposes of this request, the term "document" or "work paper" includes all public records, including but not limited to all computer spreadsheet files created by the Commission and/or its Staff as described above. Florida Water requests that it be provided copies of any computer spreadsheet files on diskette as well as a hard copy. The term "document" shall also include copies of the original or any non-identical copies of any writing or record, including but not limited to a book, pamphlet, periodical, letter, memorandum, telegram, electronic mail message, report, study, inter-office or intra-office memorandum, memorandum reflecting an oral communication, hand written or other note, draft, application, permit, chart, paper, graph, survey, index, tape, disk, data sheet or data processing card, computer printout, written analysis, written calculations, or any other written, recorded, transcribed, filed or graphic matter, however produced or reproduced.

\$69.10
Completed
1/20/00

On behalf of Florida Water, I request that copies of the requested materials be provided within the next seven days. If you have any questions regarding this request, please do not hesitate to call me at (407) 598-4260.

Sincerely,

A handwritten signature in cursive script that reads "Matthew J. Feil". The signature is fluid and stylized, with the first and last names being more prominent than the middle initial.

Dear Mr. Feil:

Re: Docket No. 970409-SU - Initiation of limited proceeding to restructure wastewater rates for Florida Water Service Corporation's Tropical Isles service area in St. Lucie County.

Enclosed is a copy of the Staff Recommendation filed in this matter on February 18, 2000. The Commission is expected to consider this Recommendation at its February 29, Agenda Conference, which will be held in Room 148, Betty Easley Conference Center, in Tallahassee beginning at 9:30 a.m.

If you wish to attend, please arrive promptly at the beginning of the Agenda Conference, as we cannot state the exact time at which this item will be heard. You are welcome to come to this Agenda Conference and observe and/or participate in the discussion of this item. If you have any questions, please feel free to call me at (850) 413-6199.

Sincerely,

A handwritten signature in cursive script, reading "Jason K. Fudge".

RE: Contact Regarding Employment

Section 5.02 B.1.c. of the Commission's Administrative Procedures Manual requires the notification of all parties and interested persons in affected dockets if a staff member involved in any of those dockets indicates that he or she has been approached regarding employment by a party in the dockets.

As a party or interested person in the docket referenced above, you are hereby notified that Jason Fudge, attorney in the Commission's Division of Legal Services, has advised the Commission that he was contacted by Florida Water Service Corporation regarding employment.

RE: Contact by representative of regulated utility

On Tuesday, October 10, 2000, I was contacted by an attorney who represents Florida Water Services Corporation (Florida Water). The attorney asked if I was interested in working for Florida Water. Because I am considering employment with this utility and because this utility is regulated by the Commission I am informing you pursuant to APM 5.02 B. 1. Reporting Requirement for Employees Exercising Regulatory Responsibility, of this contact. I have notified my Bureau Chief, Rosanne Gervasi, of this contact and the cases that involve this utility.
