Re: Request #533120W

Dear Ms. Stokes,

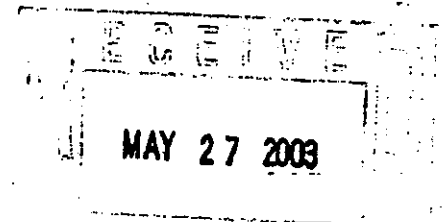

At the request of the management of Terra Mar Village Utilities, I performed a visual inspection of the service of Mr. Harold Shriver. Upon arrival, I immediately noticed the service line from the meter to the house had been repaired or replaced and that the ground had been disturbed recently and new plumbing had been installed. The service line was shutoff when I arrived so I opened the valve and noticed an obvious leak in the new plumbing installed and turned the service valve off immediately. No further investigations were possible due to this leak.

Any further questions regarding this matter, please contact me.
