I don't have a problem with returning 08307-01 to FPL since we are retaining the original work papers.

Denise,
Document 07924-01 has been declassified since 7/28/05 and it is being forwarded to you.

Adrienne,
is it ok to return confidential document 08307-01 back to the source instead of declassifying it and placing it in the public docket file ??

Marguerite

I don't have a problem with Document No. 08307-01 being returned as it is the utility highlighted request. As long as we have the original work papers (07924-01) and the redacted company request, we can always figure out what the highlighted version would have been. I don't know if Legal has to weigh in on this.

Hi Denise.

Confidential document is to be declassified as of 7/28/05. Normally we declassify the document and place it in the public docket file. But i

7/29/2005

DOCUMENT NUMBER - 07320
07320 JUL 29 2005
FPSC-COMMISSION CLERK

looked at Order PSC-04-0100-CFO-EI (see attachment) and it says that FPL would like the information returned when not needed by the Commission any more.

Can i return confidential document 08307-01 back to FPL ???? or should i just declassify it and place it in the public docket file ???

thanks,

Marguerite
