RE: Docket Number 050531-EU
FRCC Petition to Initiate Rulemaking to Adopt Rule 25-6.0186 FAC
Bulk Power System Reliability Standards

Dear Ms. Bayó:

It has been brought to my attention that during my comments to the Commission at the rule development workshop on October 6th, regarding FRCC's Petition to Initiate Rulemaking to Adopt Rule 25-6.0186 FAC, Bulk Power System Reliability Standards, Docket No. 050531-EU, I might not have been as precise as I should have been.

In my opening comments I referenced that this proposed Rule would be applicable to all entities in the State of Florida. What I should have said was that it would be applicable to entities in the "FRCC Region", which is defined as Peninsular Florida. I believe that in the transcript of this workshop there were another couple of instances where this misstatement was also made.

CMP _____ The proposed Rule, which the FRCC submitted with its Petition, explicitly states
COM _____ that it would be applicable to Peninsular Florida, and would not include Gulf Power
CTR _____ Company.

ECR _____ Please file this letter of clarification in the above referenced docket.

- GCL _____
- OPC _____
- RCA _____
- SCR _____
- SGA _____
- SEC 1
- OTH _____

Sincerely,

Ken Wiley
KEN WILEY
President and CEO
