Re: Paramount on Lake Eola. 400 E. Central Blvd.. Orlando. FL 32801

Dear Sir or Madam:

It is our understanding that Paramount on Lake Eola is a development that will include approximately 314 condominium units and that first residents are expected soon.

The developer has informed BellSouth Telecommunications, Inc. d/b/a AT&T Florida that it has entered into agreements with Smart City and Bighthouse for communications service to residents. The developer had advised that it would not prohibit AT&T Florida from placing its facilities to serve residents based upon those agreements, but subsequent attempts to make arrangements with the developer to secure rights to place facilities and use developer-provided support structures for the facilities have not been fruitful. The contact information for the developer is as set forth in the "cc" line below.

Accordingly, pursuant to Section 364.025(6)(b)(1), Florida Statutes, we are writing to inform the Commission that AT&T Florida has been restricted from installing its communications facilities during the construction phase of the above property. Accordingly, AT&T Florida is relieved of its carrier of last resort obligation at the property and will not be providing service to residents at the property.

Sincerely,

Greg Follensbee
Executive Director. AT&T Florida
